DESCRIPTION

The Vulcan Workwear Auraflex is a palm and finger coated, ultra-thin nitrile micro foam glove that provides hands with excellent grip performance in wet, oily and dry environments. The seamless nylon spandex liner provides superior sensitivity and dexterity, while the nitrile micro foam coating protects the hand with high abrasion resistance and strong tear-resistant properties. Breathable construction reduces hand fatigue during extended use, and the flexible fit ensures ease of movement and improved handling. Long lasting and built for reliable hand protection in demanding work environments.

FEATURES

- Nitrile micro foam coated palm and fingers for enhanced grip and abrasion resistance
- Seamless knitted liner for improved comfort and dexterity
- Breathable construction to reduce hand fatigue during extended use
- Cut resistance: protection against sharp objects in the workplace
- Wing thumb design for natural hand movement
- Elasticated knit wrist for a secure, comfortable fit

APPLICATIONS

HANDLING SMALL OILY PARTS

GENERAL ASSEMBLY

SPECIFICATIONS

SKU	GL-AURALFEX
STYLE	Palm and finger coated nitrile micro foam glove
LINER	Grey nylon spandex knitted liner
PALM COATING	Black nitrile micro foam, 0.04 mm ± 5%
BACK	0.02 mm ± 5%
CUFF	Nylon spandex composite knitted wrist
MASS	65 g per pair (size 11)
SIZES	7, 8, 9, 10, 11

CARE & MAINTENANCE

- Inspect gloves before use to ensure there are no tears or damage
- May be washed at up to 40°C — use the mildest possible cleaning conditions to maximise glove life
- Avoid exposure to excessive heat, which can degrade the material and coating
- Do not leave gloves in a contaminated condition if re-use is intended; remove excess contaminant before removal from the hands
- Do not use chlorine bleach; do not iron; do not dry clean; tumble dry possible on low heat
- Replace gloves when signs of wear or damage appear to maintain protection levels

NO BLEACH

DO NOT TUMBLE DRY

NO IRON

DO NOT WASH OR DRY CLEAN
