

CUT RESISTANT GLOVES

BLACK GH GLOVE

EN 388
3442C

CE
0075

DESCRIPTION

Built for precision and durability, the Black GH Glove is designed for high-performance handling in demanding environments. Engineered with a high-strength liner and a polyurethane (PU) coating, it delivers exceptional dexterity, grip and cut resistance – lightweight yet tough, with reliable protection against abrasion, cuts and punctures.

FEATURES

- PU-coated palm and fingers for enhanced grip and control
- Lightweight construction for superior dexterity and tactile sensitivity
- Seamless liner for improved comfort and reduced irritation
- Knit wrist design for a secure fit and debris prevention
- High-performance liner protects against sharp objects
- Ergonomic design reduces hand fatigue during prolonged use
