

STANDARD · DUST / LAB COAT

BUTTON UP DUST COAT

DESCRIPTION

The Standard Button Up Dust Coat is a high-quality, durable workwear garment designed for professionals working in warehouse environments, pharmaceutical and any other industries requiring dust prevention.

FEATURES

- Breathable, moisture-wicking fabric prevents sweat buildup and bacterial growth
- 3 external pockets with a pen division in the top pocket
- Easy-to-clean design with smooth, seamless construction

SUITABLE APPLICATIONS

WAREHOUSING

PHARMACEUTICAL

LABORATORIES

DUST-PREVENTION INDUSTRIES

SPECIFICATIONS

DENSITY	25–30 picks/cm
STITCHING	Reinforced double-stitching on seams
LENGTH	Knee-length
SIZES	XS – 4XL
COLOURS	White, Light Blue

Regular washing and drying will help maintain the garment's quality and extend its lifespan.

CARE & MAINTENANCE

- Wash in warm water (40°C) to prevent damage to the fabric
- Do not tumble dry; heat and agitation can shrink or misshape the garment
- If ironing is necessary, use a warm iron with care
- Avoid bleach — it can cause discolouration, weakening or fibre damage
- Do not dry clean — harsh chemicals can harm the fabric

40°C WARM WASH

NO BLEACH

DO NOT TUMBLE DRY
