

GENERAL PURPOSE GLOVES

CRAFTSMAN GLOVE

DESCRIPTION

The Craftsman Glove is a versatile, general-purpose glove designed to provide comfort, flexibility and grip in various work environments. Its foamed rubber latex palm and polyester liner make it an ideal choice for tasks that require dexterity and durability.

FEATURES

- Foamed rubber latex palm for enhanced grip in wet and dry conditions
- Polyester liner for high flexibility and comfort
- Ideal for general-purpose applications, light fabrication and material handling

APPLICATIONS

GENERAL PURPOSE

LIGHT FABRICATION

MATERIAL HANDLING

SPECIFICATIONS

MATERIAL Foamed rubber latex palm, polyester liner

SIZES 8, 9, 10

COLOUR Black

Glove construction, staining and cleaning methods may affect shrinkage, yarn strength and colour; cut resistance is not significantly impacted during the normal life cycle.

CARE & MAINTENANCE

- Remove excess contaminants from gloves before taking them off
- Wash in mild detergent at up to 40°C; avoid bleaching or oxidising ingredients and fabric softeners
- Use the mildest possible cleaning conditions to maximise glove life
- If contaminants cannot be removed, use the gloved hand to ease off each glove, avoiding bare-skin contact
- Dry at a temperature not exceeding 70°C – drying may cause felting on the fabric surface

WARM WASH

NO CHLORINE

DO NOT TUMBLE DRY

NO IRON

DO NOT DRY CLEAN
