

GENERAL WORKWEAR

ECONO WORKSUIT

DESCRIPTION

The Econo Worksuit is a robust, lightweight and durable work garment designed to protect against mechanical hazards such as abrasion — a cost-effective alternative to the Vulcan Standard. Its 80/20 polycotton construction gains enhanced sturdiness and colour fastness from the polyester content. Not suitable for use against heat and flame hazards.

JACKET FEATURES

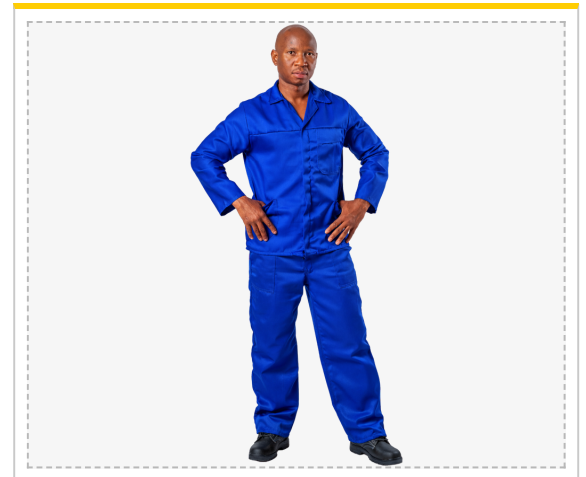

- Collared design for added protection and comfort
- Concealed metal zip closure for secure fastening
- 2 open laid-on waist pockets for storage

PANTS FEATURES

- Concealed metal zip with metal button closure at waist
- 2 front laid-on pockets and 1 rear open pocket
- In-leg seams triple needle topstitched for added durability
- Stress points bar-tacked for reinforced strength
- Inner elasticated waist for optimal fit and flexibility

SUITABLE APPLICATIONS

LOGISTICS	WAREHOUSING	CONSTRUCTION	WORKSHOPS
MAINTENANCE	JANITORIAL	GARDENING

Materials and processes used in manufacture are not known to be harmful to the wearer. The end-user is responsible for determining garment suitability for the intended use.

CARE & MAINTENANCE

- Pre-treat greasy stains with a light cleaning solvent and wash in warm water
- Do not tumble dry; air dry and rinse thoroughly to remove wetting agents
- Iron on low heat — never iron on reflective tape
- Avoid Hypochlorite bleach or detergents containing it — fading may occur
- Avoid hanging in direct sunlight, as fading may occur
- Follow manufacturer instructions when using commercial laundry aids

WARM WASH	NO BLEACH	DO NOT TUMBLE DRY	COOL IRON	DRY CLEANABLE
