

COST-EFFECTIVE GENERAL WORKWEAR

# STANDARD 80/20 WORKSUIT

**Polycotton**  
**80/20**

## DESCRIPTION

The Vulcan Workwear Standard Worksuit is a robust, lightweight and durable work garment designed to protect against mechanical hazards such as abrasion. Its practical 80% polyester, 20% cotton blend offers a cost-effective alternative to the Vulcan 65/35 premium polycotton – enhanced sturdiness and colour fastness from polyester, comfort and breathability from cotton.

## JACKET FEATURES

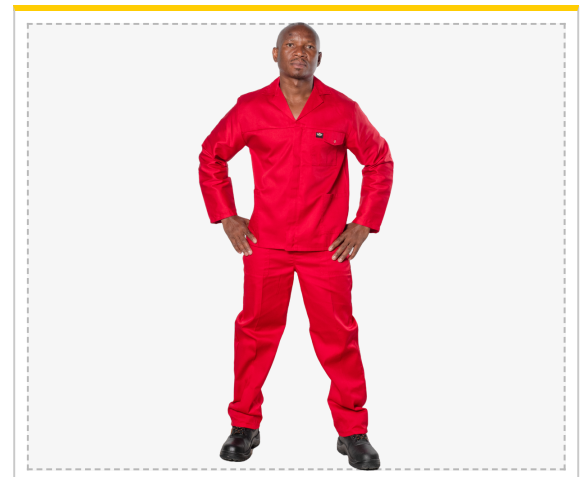

- Collared design for added protection and comfort
- Concealed YKK metal zip closure
- 2 open laid-on waist pockets
- 1 left breast pocket with V-flap, metal ring-on-ring closure and pen division
- Stress points reinforced with bar tacks

## TROUSERS FEATURES

- Concealed YKK metal zip with metal button closure at waist
- 2 front laid-on pockets and 1 rear open pocket with Vulcan sidewinder label
- In-leg seams triple needle topstitched; stress points bar-tacked
- Inner elasticated waist for optimal fit and flexibility
- 5 belt loops (sizes 32-46) · 7 belt loops (sizes 48+)

Not suitable for use against heat and flame hazards. Materials and processes used in manufacture are not known to be harmful to the wearer.

## CARE & MAINTENANCE

- Pre-treat greasy stains with a light cleaning solvent
- Avoid Hypochlorite bleach and detergents containing it – fading may occur
- Air dry out of direct sunlight – fading may occur
- Wash in warm water
- Do not tumble dry; rinse thoroughly to remove wetting agents
- Iron on low heat; do not iron on reflective tape
